To: My House Design/Build Team

Dear Graeme and Crew,

I just wanted to thank all of you so very much for the wonderful job you did in building our beautiful sun room addition. From the beginning stages of the design to the finished product, all of our concerns and ideas were taken into consideration, and with your knowledge and expertise I believe we have the nicest Sun Room in all of Vancouver!!!

All of the different people who worked with us were always very professional, friendly and worked clean and efficiently. I would recommend any one of them to anyone who may require their services. Thank you all so much for all of your hard work, we enjoy it everyday!!!!

Sincerely,

Hertha and Stephen [REDACTED]
